What we do

Kitvendr is a next-generation retail partner for sports clubs of all sizes and all levels. Through our online platform, we help deliver substantial new income to clubs, whilst saving time and money.

Our Service

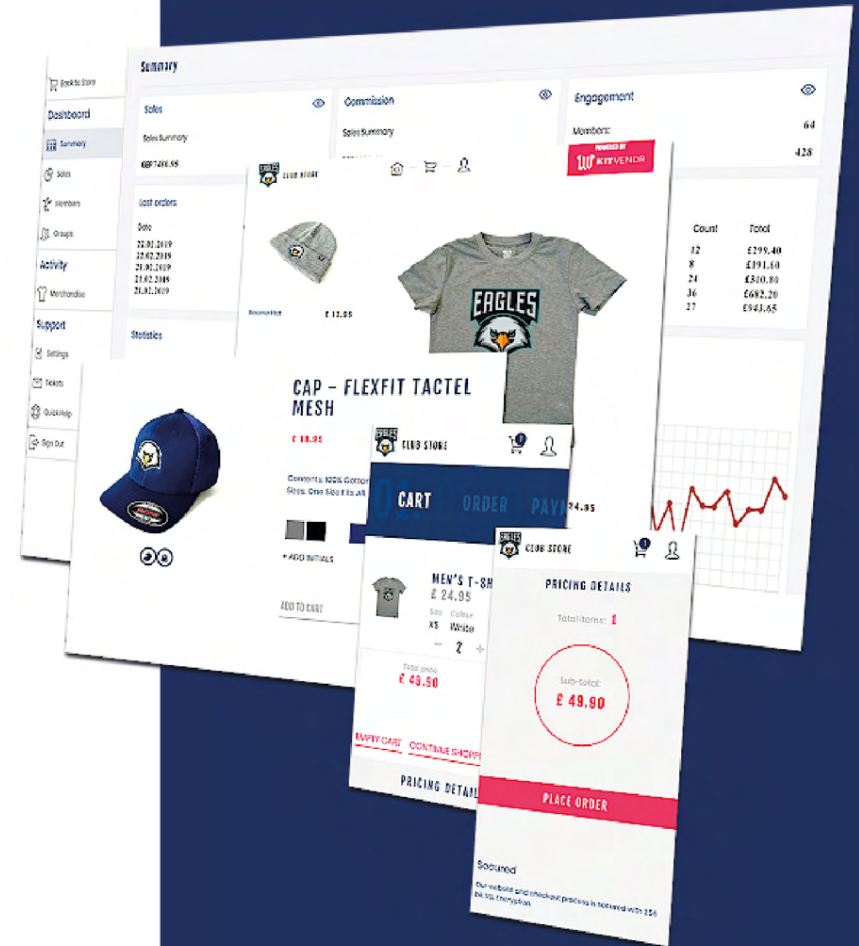

We offer an end-to-end service, from managing the online store to delivering direct to customers. Clubs earn a generous commission of up to 20% on every sale that happens through their store.

This commission can be either withdrawn or re-invested against future purchases. Our product range is produced on a made-to-order basis meaning that we offer a quick turnaround on the majority of products and with no minimum order requirements.

Our Products

In 2020 we launched a collaboration with KEHNOBI, a new premium sportswear brand.

Our custom manufactured teamwear garments are designed with sports fans and players in mind, combining comfort, durability and modern styling. In addition, we offer a growing range of products from selected brands and manufacturing partners.
